The right to health means people are the center of their care. Health care should be designed and delivered from the perspective of people, not diseases bit.ly/2iLExLb #HealthForAll #StandUp4HumanRights

World Health Organization

THE RIGHT TO HEALTH MEANS PEOPLE ARE THE CENTRE OF THEIR CARE

Health care should be designed and delivered from

the

perspective of people

not diseases,

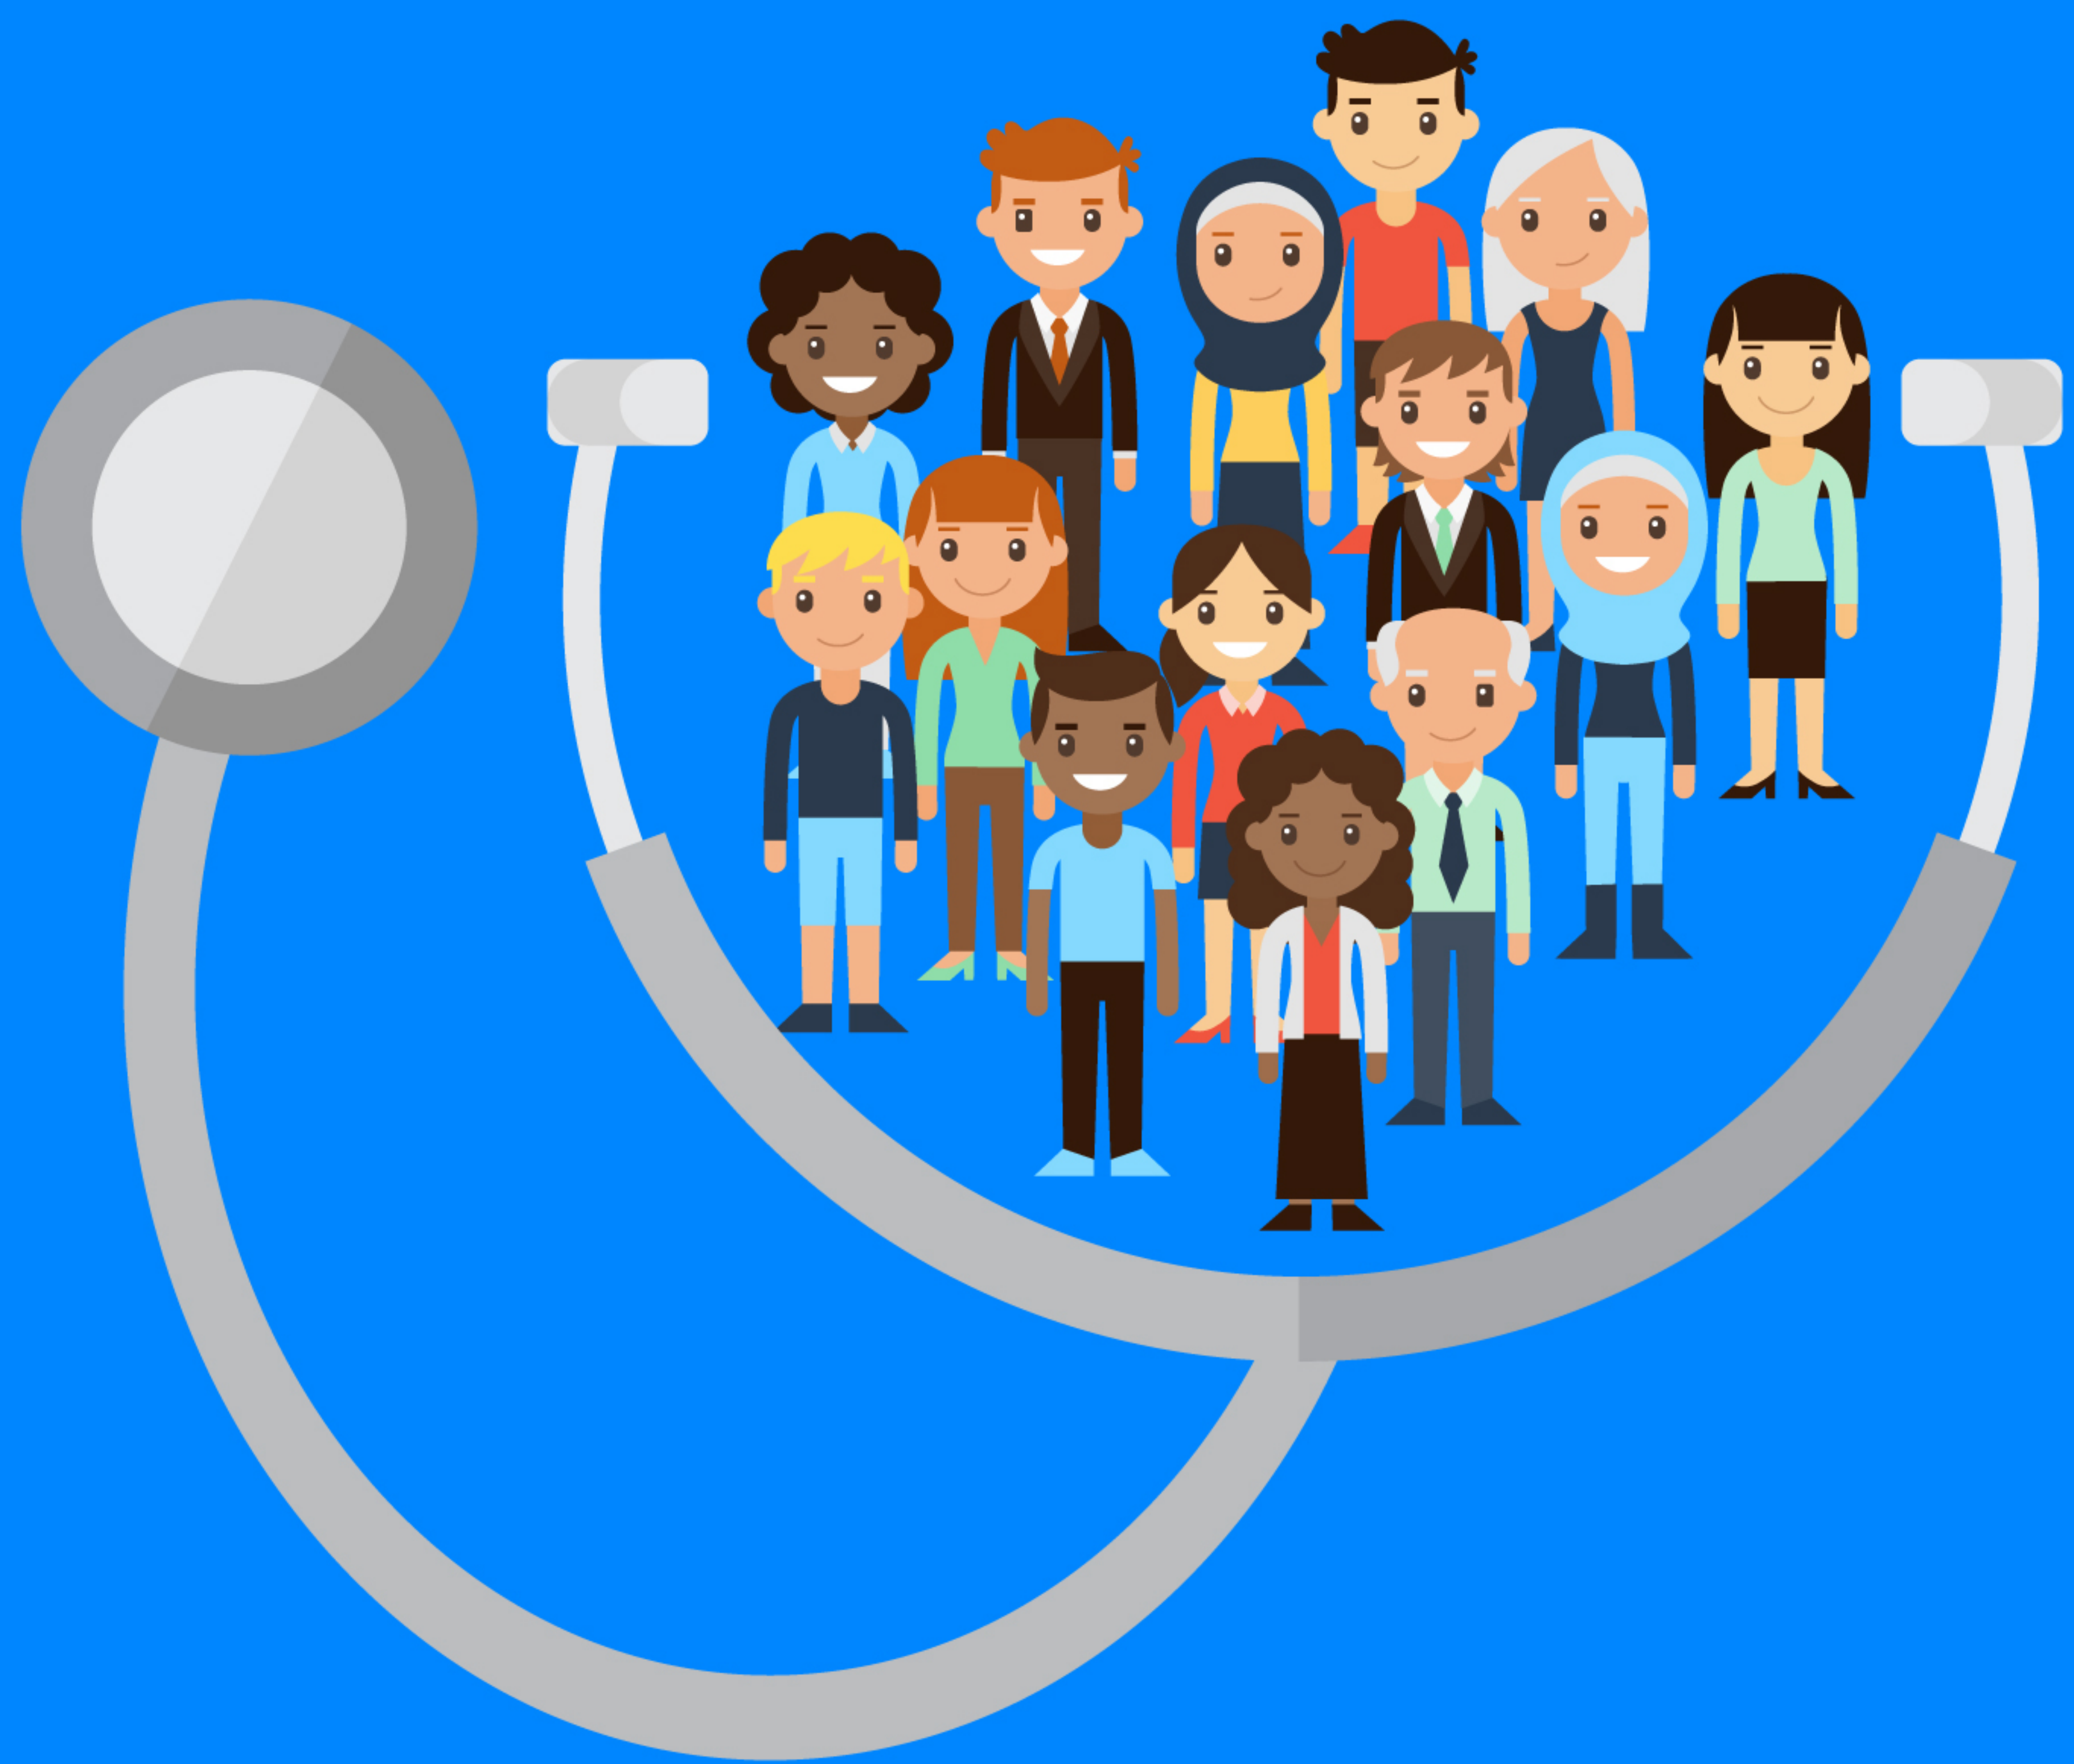

to ensure their
rights, needs, and
circumstances
determine their
health care

#StandUp4HumanRights

THE RIGHT TO HEALTH MEANS...

Ending
discrimination
in all
healthcare
settings

Health care should be provided to all
regardless of race/ethnicity, age, gender,
religion, place of birth, health or other
status

#StandUp4HumanRights
